Chapter 80

If you so desire,

I could move  
you elsewhere.

I cannot take you back to forests  
and rivers in which you once lived,

but I can take you to the Grand Plains up north at  
the End of the World, where humans can never get to

Please, just tell me...

Give me one word, saying that you want to...

Everyone  
it's dangerous here  
so please come out!

There is nothing  
left for us, other than  
death and despair.

Leave us be.

Warrior of the  
First Darkness.

..Please return to  
that person.

You shouldn't  
be here.

..His voice sounds  
like it's resonating  
in my head...?

Are you...

the one who  
helped me back in  
the labyrinth?

You are?

Thank you so much  
for your help there.

But everyone, isn't it better to run away from this place?

We don't know when the rain will come in on us.

so let's get to somewhere safe...

LONE MANGA.

Where exactly should we go?

...Pardon?

Even our Capital  
has lost its light.

We no longer  
have the power to  
defend ourselves.

An anime-style illustration of two characters in a dark, industrial environment. On the left, a character with long, wavy blonde hair and blue eyes, wearing a black dress with a white collar and a small orange bow, stands with hands clasped. On the right, a character with dark hair in a bun, wearing a black hooded cloak, stands with hands on hips. The background features a large, dark structure with vertical bars or pipes, and the floor is dark and reflective. A speech bubble from the blonde character says, "We are driven out of the forests...". A teal-colored text "COMPARISON" is overlaid on the left side. A speech bubble from the hooded character says, "and hunted in the plains".

We are driven out of the forests...

...What's this?

The difference between  
harmans and Alcorn.

I just thought...

they were harmans  
with pointy ears.

They're kind,

harmans...

and know how to smile  
from their hearts...
